The 2014 INTERNATIONAL CONFERENCE ON BOND GRAPH MODELING AND SIMULATION

July 6-10, 2014 at the Hyatt Regency Hotel, Monterey, California

Part of the 2014 SummerSim Multi-Conference on Computer Simulation

The 2014 International Conference on Bond Graph Modeling and Simulation brings together research paper presentations, panel sessions, tutorials, workshops, seminars, industrial applications, and software demonstrations that use Bond Graph modeling methods. There will be also featured plenary speakers and some special invited presentations.

This conference will focus on Bond Graph modeling techniques for dynamic systems. Theoretical principles for electrical, mechanical, hydraulic, pneumatic, and control system applications will be presented. Leading industrial users of the method in automotive, aircraft, fluid power, kinematics, multibody systems, and social and biological systems have been invited. Research papers are welcome in the following categories of presentation.

SESSIONS

. Tutorials	Mechanical Systems and Robotics
. Panel Discussions	Electrical and Power Systems
. Software and Tools	Control Systems
. Bond Graph Theory	Thermal and Chemical Systems
. Advanced Bond Graph Methodology	Biomechanics and Prosthetics
. Bond Graphs and Block Diagrams	Ecological Systems
. Computer Graphics and Bond Graph Modeling	Biological and Medical Systems
. Qualitative Modeling	Social and Economic Systems
. Mechatronics Systems	Industrial Applications
	Large, Nonlinear Models

DEADLINES:

- January 1, 2014 Notification of abstract acceptance to
- February 15, 2014 Full papers due for review.
- April 15, 2014 Notification of paper acceptance to authors.
- May 15 2014 Camera Ready Copies due.

Paper guidelines are found at the following link: http://www.scs.org/upload/documents/Formatting_Kit.pdf. For paper submission to ICBGM, please submit your complete papers electronically to <http://www.softconf.com/scs/ICBGM14/>

Abstracts and full papers can be submitted via email alternatively to the General Chair or the Program Chair. In addition to regular papers about 12 pages (double spaced), the program committee may accept additional papers, either as short papers (about 6 pages double-spaced), or proposals for tutorials. Please add a cover letter stating your name, affiliation, mail address, telephone number, FAX number, and e-mail address. The short abstracts will be reviewed by the two Chairs for general suitability to the conference. Three members of the International Program Committee will review each full paper.
